Updates from CDC

Level of Community Transmission in Frederick County, MD: HIGH

Today, the level of community transmission in Frederick County increased from Substantial to High.

- Level of Community Transmission is based on the number of cases in the last 7 days per 100,000 population and the number of tests in the last 7 days that have a positive result.

In areas with substantial and high transmission, **CDC recommends that everyone (including fully vaccinated individuals) wear a mask in public indoor settings** to help prevent spread of Delta and protect others. [Interim Public Health Recommendations for Fully Vaccinated People.](#)

Frequently Asked Question

Q: Do I need a booster dose of COVID-19 vaccine?

A: Vaccine advisers for the CDC will meet on Friday (Aug. 13) to discuss booster doses of Covid-19 vaccines and additional doses for some immunocompromised people. Research is ongoing and this will be updated as more information becomes available.
